## COX BEFORE GRAND JURY

And Examined as to Knowledge of Cincinnati Graft

## BANK PRESIDENTS THERE

RESTITUTION OF MONEY TAKEN BY  
COUNTY TREASURERS

Will Not Have Any Effect on Investigation,  
and Indictments May  
be Returned.

Cincinnati, March 21.—The Hamilton county grand jury, investigating the charges of the graft of county money exacted by past treasurers, and found to be true by the admissions of three treasurers before the Ohio senate investigating committee, began Wednesday, with all the presidents of Cincinnati banks present as witnesses, excepting ex-Mayor Fleischmann, but including George B. Cox. Prosecuting Attorney Rullison is conducting the proceedings. The bankers are kept in the witness room. Their records, showing the amounts paid to treasurers were at hand as evidence. These sums will be returned to the treasury. Rullison announced that the restitution will have no effect on the criminal investigation, and if violations of law are found indictments will be returned.

Thomas J. Davis, the cashier of the First National, who refused recently to testify before the Drake committee was the first witness called. Davis with records, was on the stand thirty minutes. George B. Cox, president of the Cincinnati Trust company, the next witness, was questioned for forty minutes. He was followed by R. W. Williams, treasurer of the same company, who was examined for thirty minutes. Charles H. Davis, president of the Second National, was the next witness for forty minutes. He took a large bundle of the bank's records into the grand jury room with him. Davis is the witness who "passed back" when before the Drake committee. The grand jury is not expected to finish with the bankers today.

## TWO MEN MET AWFUL DEATHS

One Had Head and Arms Torn Off,  
the Other Was Crushed by  
Mine Cage.

Linton, Ind., March 21.—Alvin Roberts, a miner at the Vandalla Mine No. 4, was instantly killed this morning. He got on the cage after the required number had already got on and the signal to descend was given. He started to get off and the top of the cage caught him, crushing him into a shapeless mass.

Washington, Ind., March 21.—Myrel Cross, 17, had his head and arms torn off this morning while working in a bakery. He was feeding a dough mixing machine, when his hand caught beneath the roller and he was dragged to instant death.

## BLAME CAPTAIN FOR DISASTER

Victoria, B. C., March 21.—The finding of the commissioners appointed to inquire into the Valencia disaster has been made public. The report found Captain Johnson blameable in not having located his position by Unatilla reef lights before attempting to enter the straits, and held him guilty of grave errors of judgment also in not having made due allowance for the northward set of the current, well known to coast navigators.

## ALL TRAINS DETOURED.

Parkersburg, March 21.—Another immense slide occurred at an early hour this morning on the B. & O. R. R. near Coolville, O., at the same point where the huge rock slid down on the track Monday evening, causing the wreck in which Engineer Waterman of Chillicothe was killed. Traffic has been cut off for 24 hours, and it is not known how soon the track will be cleared. Trains in both directions are detouring over the river division and Toledo and Ohio Central lines.

## REORGANIZATION OF THE CABINET

BELIEF IN WASHINGTON THAT  
CHANGES WILL BE MADE  
IN FEW MONTHS.

South May Have a Representative.  
Talk of McLaurin and Charles  
E. Magoon.

Washington, March 21.—That before many months there will be four new members of the Cabinet is the belief here.

Recently there have been many expressions of opinion from the South in favor of having a Southern man in

CHARLES E. MAGOON.

the Cabinet. That section has had no representative in the Cabinet since H. A. Herbert of Alabama, and Hoke Smith of Georgia, retired. The renewed talk of Cabinet changes, the report that Secretary Taft may be appointed a Justice of the Supreme Court, that Secretary Hitchcock may retire in the summer and that Secretary Wilson may give up the Department of Agriculture almost any time has led to considerable discussion of the name of former Senator John L. McLaurin of South Carolina for a place in the Cabinet. Mr. McLaurin coined the phrase "commercial democrat," meaning the "demo-

CHARLES E. MAGOON.

crat who was broad enough to rise above party environment and look after the South's material interests.

Mr. George Von L. Meyer, American Ambassador to Russia, is to be made Secretary of the Navy, to succeed Mr. Bonaparte, some time during next year. Mr. Bonaparte will become Attorney General in place of Mr. Moody, who retires.

Another report is that Charles E. Magoon may become Secretary of War if Secretary Taft goes on the bench.

There is considerable gossip to the effect that Mr. Roosevelt would like to dictate the Presidential nomination in 1908, and that his offer of a place on the Supreme court bench to Mr. Taft indicates that he sees in him a budding possibility that might interfere.

## IDAHO SUSPECTS DENIED BAIL

Boise, Idaho, March 21.—Charles H. Meyer, William D. Haywood and George A. Pettibone, charged with the murder of former Governor Steunenberg, pleaded not guilty when arraigned before District Judge Frank Smith at Caldwell. The cases were continued over the term and the date of their trial was indefinitely fixed at about May 15. Judge Smith denied the application to admit the prisoners to bail.

## KING DECLINES RESIGNATION.

Madrid, March 21.—King Alfonso has refused to accept the resignation of the Spanish ministers tendered yesterday. The king will leave Saturday for the Canary Islands for a short visit.

## 80,000 ON STRIKE.

Paris, March 21.—A general strike has been proclaimed in the northern mining districts. Eighty thousand men are affected. Serious disorders have already occurred. There are indications that the movement will spread to the Loire district.

## MASKED MEN ROB MOSCOW BANK

SECURING NEARLY HALF A MILLION  
OF DOLLARS IN A  
SHORT TIME.

Guards Bound and Gagged While the  
Robbers Quickly Opened the  
Safe and Secured Money.

Moscow, March 21.—The Credit Mutual, one of the largest banks in Moscow, was mysteriously robbed by masked men, the robbers securing \$432,500. It was an extremely daring job. The bank is situated in Hlaska street, in the heart of the city. The last of the clerks had just departed, leaving an inside guard of three men. The street was crowded with people hurrying homeward. According to the story of the guards, in the twinkling of an eye they were confronted with revolvers in the hands of 20 masked men, who had entered silently by the main door, which had been locked when the office force left. After a command to the guards to hold up their hands not a word was spoken. The guards were quickly bound and gagged and thrown into a dark corner. The safe was opened by one of the men. The plunder, consisting of gold, silver and notes, was speedily thrust into sacks. When a clean haul of the money had been made, not a kopeck being left, the robbers departed as silently as they came. It is the general impression that the key to the mystery is within the bank itself.

## NEGROES CLAMOR FOR VENGEANCE

ON THE MOR WHICH LYNCHED  
ED JOHNSON AT CHAT-  
TANOOGA, TENN.

The Situation Was Serious for a Time  
But Militia and Deputies  
Restored Order.

Chattanooga, Tenn., March 21.—The negroes of the city enraged over the lynching of Ed Johnson Monday night, showed fight all day yesterday and last night it looked for a time as if a bloody riot might ensue.

Late last night a crowd of negroes variously estimated at being from 2,000 to 4,000 in number gathered in the downtown district. Threats of violence were heard from all sides. The negroes were held in check, however, by a squad of about 100 policemen and four companies of militia, and they gradually dispersed to their homes. Earlier in the evening there was a fight between whites and the negroes.

Chattanooga, Tenn., March 21.—The situation is not so strained today, although many negroes refuse to resume their work in the shops and factories. Before beginning work in the Ross-Mehan foundry this morning John Rodgers, a white man, quarreled with a negro about race troubles and the lynching, and shot the negro in the hip. The arrival of special deputies who were on guard, prevented further troubles. The saloons were opened this morning after being closed yesterday afternoon and all night.

Washington, March 21.—A special meeting of the Supreme court of the United States is being held at the home of Chief Justice Fuller this morning. The utmost secrecy is preserved regarding the session and it was even denied by officials of the court at the capitol that there was to be a meeting.

It is assumed that the business before the court is the lynching of Ed Johnson, the negro at Chattanooga, Tenn.

Such a session held during a recess of the court is almost without a precedent.

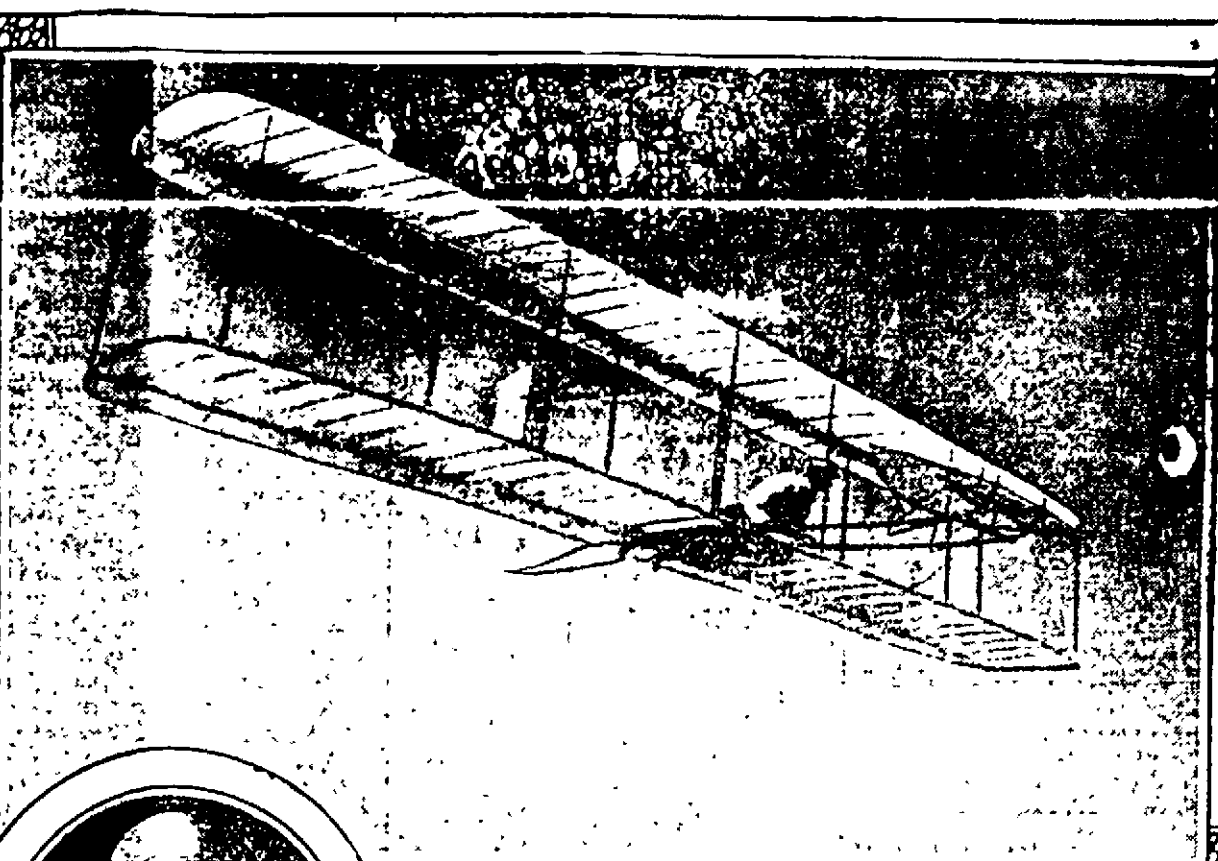

Monday the court adjourned until April 2, and only a matter of the gravest importance could have called the members together before that time.

Several of the justices were interviewed this morning on the Johnson case, but they all refused to discuss it.

## Passed Pension Bill.

Washington, March 21.—In less than 20 minutes the senate voted away \$140,000,000 of the public funds. The sum is carried by the pension appropriation bill, which, being a brief document, was made the subject of very little discussion. The major portion of the time was devoted to the consideration of the fortifications appropriation bill. In that connection the question of the necessity for seacoast fortifications in the Philippine Islands was discussed at considerable length, with the result that all provisions for such fortifications in these possessions were eliminated from the bill. The consideration of the measure was not concluded.

## DAYTON AIR WIZARDS AND MACHINE IN WHICH THEY SOAR.

One of the Wright Brothers in Flight in a Gliding Machine.

Orville Wright: Crank shaft and fly wheel of Wright Brothers flying machine motor.

New York, March 21.—Twenty-four miles in 28 minutes in an aeroplane—thirty consecutive circuits of a course in a heavier-than-air flying machine—this is the record of the Wright Brothers of Dayton, Ohio, made known Saturday to the Aero club of America, in the first public announcement ever made by the men the result of whose work has been awaited with keener interest than that of any of the scores of inventors who have been trying to solve the problem of aerial navigation.

So far have the Wright Brothers advanced toward complete success that the French government has already made a deposit of \$25,000 on account and will soon be called upon to pay an additional \$275,000 for French rights to the invention, provided that the Wright brothers have solved the terms of a test to be made within a short time are carried out.

In a machine of their own construction the Wrights say that they successfully traversed a distance of twenty-four and one-half miles in 28 minutes and 3 seconds and had to come to earth then only because the supply of fuel was exhausted. The test by an oversight not having been completely filled before the flight.

Flights made about the same time were almost equally successful. The day before the record flight was made the aeroplane covered a distance of twenty and three-quarter miles in 32 minutes and 17 seconds, and the day before that it flew for an hour and a quarter miles in 25 minutes.

Those who are ready to believe that

## GOV. PATTISON WON'T STAND TRAITOR LAMB'S SELL OUT TO AID THE DICK MACHINE

Violating Every Pledge to Democrats and Governor Pattison, the Alleged "Independent" Senator Votes to Confirm all Herrick Appointments to State Institutions—But Governor Pattison Will Demand Their Resignations and Appoint Democrats.

Columbus, O., March 21.—Every man at once. He will await the ad-

state institution will be reorganized. The resignation of all the trustees will be demanded.

Governor Pattison is displeased with the action of Senator Lamb, the independent, whose support of 57 of 68 vacation appointments of ex-Governor Herrick yesterday has left every state institution, with the exception of the penitentiary and the Wooster Agricultural Experiment Station in the hands of the Republicans.

The Governor holds that Senator Lamb's attitude defeats the will of the people as recorded in the last election in a demand for a change in administration of the state's affairs. He will begin a reorganization of every state institution by demanding the resignation of all boards of trustees and appointing successors who will change the political complexion of what has been termed the most potent Republican machine in Ohio.

The governor will not take this ac-

## OPERATORS WILL MEET MINERS

For Another Conference on  
the Anthracite Situation

## MINERS WILL SELECT DATE

JOINT CONFERENCE OF CENTRAL DISTRICT  
IN SESSION AT INDIANAPOLIS

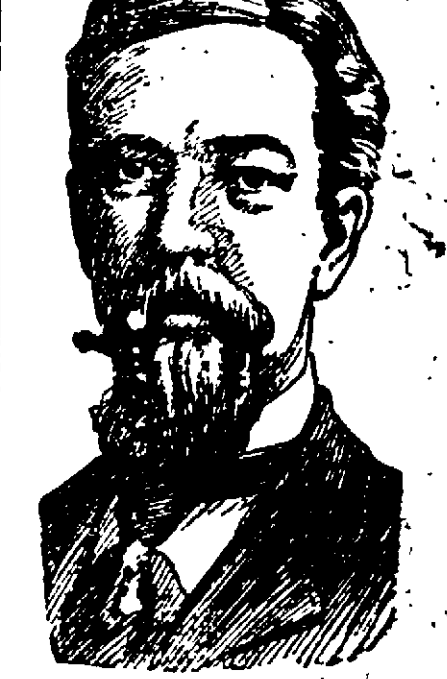

The Unit Rule Adopted Put Robbles,  
the Retiring Chairman of the  
Operators in Control.

Indianapolis, March 21.—The joint scale committee of the coal miners and operators went into session this morning. It has been just a week since the executive board of the miners convened as a part of the re-assembled convention which has been in session daily ever since. As far as definite results in which the entire country is interested, strike or no strike, there has been none so far. The fight is now behind closed doors and every precaution has been taken by the scale committee to prevent the public with its ear glued to the key-hole from getting any sound of the contest within the hall.

The scale committee, consisting of 22 men, four miners and four operators from each of the four competitive states, Pennsylvania, Ohio, Indiana and Illinois, now has before it the decision of questions which will either mean peace or the greatest industrial war in its history. In committee sessions facts and arguments from both sides will be brought out which would not be revealed in the open joint convention of the miners and operators.

The joint scale committee's report must be submitted to the joint convention before the great question in which the nation is concerned can be finally acted upon.

There is a general feeling among the miners that if Vice President Lewis is

GEORGE F. BAER.

able to secure a satisfactory agreement in the joint scale committee it will make him a leader paramount to Mitchell, in influence.

New York, March 21.—There will be a conference between the two committees of seven members each representing the anthracite coal operators and the miners of the hard-coal district. This was decided upon at a meeting in this city of the committee of operators. Later President George F. Baer of the Philadelphia and Reading railroad forwarded a letter to President John Mitchell of the United Mine Workers of America notifying him that the operators committee are willing to meet the miners' committee at any date Mr. Mitchell may select. President Baer's letter is in reply to a communication from President Mitchell, in which the leader of the miners expressed disappointment because the operators' committee had rejected the demands of the miners without calling their committee into conference before doing so. Mr. Mitchell then asked for another conference on the controversy.

In reply Mr. Baer says the operators fully expected to have another conference with the miners, and asserts that President Mitchell has not replied to a counter proposition made to him by the operators' committee, to the effect that the miners agree to a continuance of present conditions.

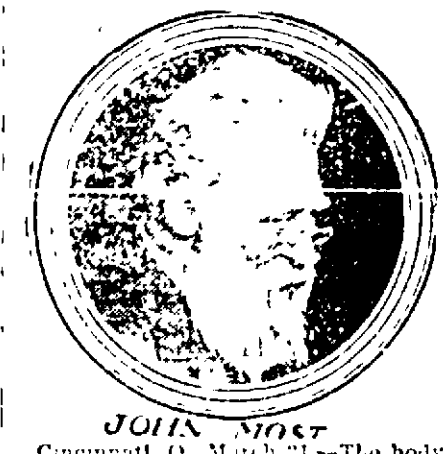

## MINERS' DEMANDS.

Joint Scale Committee in Session at Indianapolis.

Indianapolis, March 21.—The second joint conference of the coal operators

(Continued on Page 6, 3d Col.)

## JOHANN MOST'S BODY CREMATED

JOHANN MOST.

Cincinnati, O., March 21.—The body of Johann Most, the anarchist, was cremated in this city. There was no religious ceremony, but some of Most's comrades delivered brief addresses before the cremation. Mrs. Most will take her husband's ashes to New York at once, and the funeral meeting is to be held there in a few days.

GARDNER IS THE WINNER.

F.W. Gardner.

The tournament for the National Amateur billiard championship, has been concluded at Chicago, and victoriously won by Edward W. Gardner, of Passaic, N. J., who defeated Longenecker, the New York star in the concluding game by a score of 300 to 277.

Gardner's play throughout was the better of the tournament. He was seldom brilliant, but at all times steady, and finished with a record of not having lost a game.

By the winning of Gardner, the championship is taken from the west, where it was held by Charles Conklin of Chicago, who also played this year, but came out absolutely last.

DANNY JONES WILL NOT PLAY HERE

Bates Writes Letter to That Effect to the Advocate.

WANTED TO CAPTAIN TEAM.

Asked President Moser for Advance Money and Was Refused—Bates Says He's Not Sorry.

Danny Jones has quit. Just why Newark's outfielder from the west has taken this action is not known, but Manager Cotton Bates claims to have solved the problem. A letter has been received from Bates in which he states that Jones, being the outfield position which had been assigned was a little too strong in hitting and fielding and that he feared that he might fail to make good. Jones also threatens to make trouble in the camp. He says that he will persuade Konechew, the big Pole who signed to play first base to leave the team. Konechew and Jones played together while at La Crosse and Jones seems to have an idea that he has the right amount of influence over the new man to get him to jump his contract.

The whole trouble seems to have two sources. One is the fact that Danny wrote to President Moser and asked for a check for \$500 for advance money. He named what he considered a very good reason for asking for the advance money. The reason did not especially appeal to the Newark magnate and his request was turned down. Bates states that Jones wanted to captain the team and that he was nursing a sore spot because he was not assured this position. Then another complaint that Bates says is that Danny's door is that story about Jones, fearing he might not make good with the array of outfielders when the Newark management has under contract.

Jones' record with Peoria and La Crosse is not the very best. His hitting was recorded in the Reach Official Guide this year as .172 in 29 games. His fielding was .939 in the same number of games. Baseball players do not consider such a fielding average anything to brag on but Danny Bates, that he played in fields of which were "sun fields."

Bates states that he is not sorry to

DANNY JONES.

who refused to play with Newark team because advance money was not forthcoming.

Lost money, Jones, for he believes that he can play the bats here better than Louie Bradley and Snyder for the outfield. Bradley is a new man whom Bates brought from the west.

Newark's manager has given up money. He has decided that Peggy's record at Greenville against the Browns was hardly the right sort of a recommendation for a pitcher. In his stead, Pitcher John R. O'Neil has been signed and will report for a try out on April 10. Bates says that he is confident that he will be able to pick up a number of good players when the time comes for some of the teams to commence cutting down their list. Pitcher Cornelius has effected his escape and will not report here.

Outfielder Dan Casey of Pittsburgh, who is under contract to report here has been caught by Bates flirting with another team and Bates called him down for his fickleness. Bates won't stand those sort of antics, and as a result the man with the Irish name about whom the great baseball town was written, may not report.

Tonsilite is a powerful germicide and antiseptic. It is a sure cure for tonsillitis, sore throat, and all other throat troubles. It is also a powerful disinfectant and is used by doctors and nurses. It is sold in bottles of 10 and 50 cents at all drug stores.

WRATTEN WRITES THAT HE WILL PLAY

Since He Has Signed, He Doesn't Want His Release and Will Play His Best Game.

There is no man Wratten wants the Newark fans to understand that he will play for his team, when he reports for duty here April 10. The sporting editor of the Advocate has received the following letter from Wratten which explains his stand in the matter.

Chicago, March 19, '06.

Editor Advocate: Dear Sir—Having seen your valuable paper that I would not do anything to get "let go" from the Newark team, I say that I would like to have that contract as I never made such an assertion. I would like to have gone

with another team which is in a higher class than Newark, but as I have signed a contract now I will certainly play to the best of my ability. The Newark fans treated me very well last year, and I hope to retain their good will during the coming season. Trusting you will grant this favor, I am, yours respectfully,  
IRVE WRATTEN.

**Smathers' Answer.**  
New York, March 21.—In his answer to the suit brought by Murray Howe, secretary of the Memphis Trotting association, to recover the gold cup trophy won by Major Delmar at Memphis in 1904, E. E. Smathers, who holds the cup, declares that it was fairly and honestly won and that Mr. Howe brought the suit without the authorization of the Memphis Trotting association. The suit was brought on the ground that Lou Dillon, the horse defeated by Major Delmar, was drugged when she lost the race.

Racing at the Palace Rink tonight.

CONVERTED TRAMP WANTS TO SETTLE FOR STOLEN RIDES

Marion, O., March 21.—A converted tramp, whose name agent Meyers of the Big Four railroad, has withdrawn from publication, has written, asking that a bill be sent to him for the rides on freight stolen by him before he knew the better life. His letter concludes:

"I rode on freight trains from Indianapolis to St. Louis three times, St. Louis to Indianapolis three times, Indianapolis to Marion three times, Marion to Indianapolis three times, Indianapolis to Tipton once, Urbana to Indianapolis twice, Danville to Indianapolis twice, and Danville to Veedersburg twice. I am converted now and I want to make things right as soon as I can."

In a statement of accounts now being drawn up the former tramp will be asked for full fare, not even allowing him the benefit of the two cent law recently enacted in Ohio for so much of the mileage as was stolen in this state.

ANTI-HAZING BILL PASSED SENATE

Columbus, March 21.—The house bill passed the senate fixing a penalty up to \$200 fine or six months imprisonment or both, for students found guilty of hazing, or teachers or superintendents of schools permitting hazing. The bill goes to the governor for his signature.

"I AM AFRAID I AM GOING"

Said Congressman Patterson to Those About Him Just Before He Died.

Washington, March 21.—George B. Patterson, member of Congress from the Twelfth Pennsylvania district, died suddenly at 5 o'clock this morning of heart trouble at his residence here.

About 1 o'clock his niece heard a noise in his room, and, entering, found that Patterson had fallen from the bed to the floor. He was unconscious. A physician was summoned and stimulants were administered, but without effect. Just before his death Patterson regained consciousness and said to those gathered about him: "I am afraid I am going."

He had returned only yesterday from a visit to his home at Ashland, Pa., and spent last evening in conversation with his secretary. Although he had been suffering slightly for a week or two from what seemed to be an attack of indigestion he had not been confined to the house.

He leaves a widow and two children, a son and a daughter, now in Ashland, who have been summoned. Until their arrival no arrangements will be made for the funeral.

Patterson was a Republican and had represented his district in Congress the past three sessions. He was born at Lewistown, Millin county, Pa., November 9, 1862. Since early life he had been engaged in mercantile pursuits, most of the time as a traveling salesman. He was a delegate to the National Republican convention in 1904.

Sea Tragedy.

New York, March 21.—The tug Margaret, Captain Hickman, arrived in port with the barge J. R. Dempsey in tow, after a thrilling experience at sea in which Captain Hickman was compelled to abandon the barge Martha McCabe, on which were Captain Willard Massey and two sailors, and the barge Virginia Hudson. The crew of the latter were taken off in a small boat by the crew of the tug, but it is feared that Captain Massey and the two sailors perished with their vessel.

ATWELL FAVORS \$1000 LICENSE

IT WAS REPORTED TUESDAY THAT HE DODGED A COMMITTEE MEETING

In Order to Escape the Responsibility of Any Action, But He Denies That This Was True.

Senator W. L. Atwell, against whom charges of timidity in connection with the high license bill have been made, declared Tuesday night that the bill would be reported out by the committee Wednesday or Thursday, without amendment, and ventured the further prophecy that it would pass the senate with several votes to the good.

Tuesday the senator was unable to attend an impromptu meeting of the temperance committee, through having arranged to attend a meeting of the municipal affairs committee. This fact gave rise to a charge that he deliberately dodged the responsibility.

Senator Atwell is for the bill, and declared that he would not only sign the temperance committee report, but would vote for the measure.

Senator Drake said that there would probably be a meeting of the temperance committee Wednesday at which the liquor people would be given a hearing if they desired it. Up to Tuesday night, however, no request for a hearing had been made to the chairman. Both he and Senator Bates expressed a willingness to sign the bill. This insures its being reported with recommendation.

While at home on Sunday, Senator Atwell promised some of his constituents that he would not have the bill reported before Wednesday. He has been caustically criticised by some of his constituents for his activity in the temperance interests, and conceded them this much upon their demand that they be given an opportunity to be heard upon the bill. This partially accounts for his policy of delay.

Moreover, friends of the measure have counseled against too precipitate action, though at the same time cautioning against undue delay, inasmuch as the session is rapidly nearing an end. It is the plan to have the bill reported out, so that if possible it may be reached upon the calendar next Tuesday.

The Pure Food Roll of Honor.

"Good Housekeeping," a well known household national magazine voluntarily made a thorough examination and test of None Such Mince Meat, and placed it without reservation upon its roll of honor.

In the March number of Good Housekeeping, in the department of "Pure Food Assurance" we find "None Such Mince Meat, Merrill-Soule Co., Syracuse, a semi-moist condensed compound of beef, apples, spices, sugar, raisins, currants, boiled cider, and salt, without other preservatives or adulterants, no artificial coloring, produced under conditions as near to sanitary perfection as possible."

This guarantee, which could not be bought at any price, ought to satisfy the most particular housewife. The sale of one million packages a month seems to prove the statement to be true. Your grocer sells None Such Try it, and satisfy yourself. You are the one.

19mwf6t

PACKERS' PLEAS

Not Well Founded, Declares Moody, Who Concludes.

Chicago, March 21.—Attorney General Moody, in the hearing of the immunity pleas advanced by the packers, concluded his argument just in time to allow him to take a train for Washington. He declared that the pleas of the packers were not well founded and that they could not be entitled to immunity because they had given their evidence of their own free will and had not been placed on oath nor subjected to compulsion of any kind. He at times became very sarcastic in his reference to the statements of the attorneys for the defendants, who had claimed that their clients could not be punished because they had voluntarily given evidence to Commissioner Garfield.

Reject Company's Offer.

Lens, France, March 21.—The miners' congress rejected the company's proffer of an increase of 10 per cent in wages. The action of the congress, however, will be submitted to the referendum of the 51,000 strikers.

PIERCE ILL.

Unable to Testify in the Ouster Case at St. Louis.

St. Louis, March 21.—The second day's session of the oil hearing in the ouster case of Missouri against the Standard, Republic and Waters-Pierce oil companies was marked by the failure of H. Clay Pierce to appear as a witness and the sworn testimony of Dr. Bond, his physician, that Mr. Pierce was threatened with pneumonia and unable to leave his room, and the severe cross-examination of Charles M. Adams, secretary-treasurer of the Waters-Pierce company, who was again on the stand. Stock certificates were produced and read to show that the Standard company held stock in the Waters-Pierce company in 1900, when that company was reorganized.

I was raised on a tobacco plantation and learned to chew while teething.

Yes, sirce, I've had tobacco right under my nose since I was knee high to a grasshopper. I've smoked, chewed and grown tobacco. What I don't know about the fragrant weed isn't worth learning.

So when I tell you that

**HAPPY THOUGHT**

Ribbon-Cut Chewing Tobacco

is RIGHT you can just gamble that it is right. It has all the fine flavor of good tobacco with the added quality of perfect cleanliness.

HAPPY THOUGHT is a large package for a nickel.

REED SMOOT'S SEAT

Will be Declared Vacant is the Tip to the Churches.

Pittsburg, March 21.—The executive committee of the National Reform Association announced a communication from Washington to the effect that the Senate committee on Privileges and Elections stood 9 to 5 against the retention of Senator Reed Smoot, of Utah, in the Senate.

The report of the Senate committee has not yet been made, but the intimation has been conveyed to the Protestant churches who took such an active part in the action against the seating of the Mormon senator, that the committee would so report to the Senate with the further recommendation that Senator Smoot's seat be declared vacant.

BLEEDING

From a Wound on His Head Engineer Hiram Butler Fell Back Dead in His Cab.

Louisville, Ky., March 21.—Engineer Hiram C. Butler, whose home is in this city, was almost instantly killed at 4 o'clock Tuesday while driving his engine past Horse Branch, Ky., on the Illinois Central railroad. His death cannot be accounted for by the railroad officials. The fireman says he saw the engineer lean out of the cab window and in a moment he fell back, bleeding from a wound on his head. It is supposed that he was struck by a branch of a tree leaning over the right of way, or some other obstruction.

Butler was married, and had been in the employ of the Illinois Central for many years.

The Pain Family

You know them; they are numerous, and make their presence felt everywhere. The names of the family are Headache, Toothache, Earache, Backache, Stomach ache, Neuralgia, etc. They are sentinels that warn you of any derangement of your system. When the brain nerves become exhausted or irritated, Headache makes you miserable; if the stomach nerves are weak, indigestion results, and you double up with pain, and if the more prominent nerves are affected, Neuralgia simply makes life unendurable. The way to stop pain is to soothe and strengthen the nerves. Dr. Miles' Anti-Pain Pills do this. The whole Pain family yield to their influence. Harmless if taken as directed.

"I find Dr. Miles' Anti-Pain Pills an excellent remedy for overcoming headache, neuralgia and distressing pains of all sorts. I have used them for the past seven years in this capacity with the best of results."

MRS. JOE MERRILL, Peru, Ind.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails, he will return your money. 25 doses, 25 cents. Never sold in bulk.

Miles Medical Co., Elkhart, Ind.

PURITY.

Mr. and Mrs. S. T. Harris delightfully entertained a merry party of young people Friday. Social games were enjoyed until a late hour. An elegant luncheon was served. Those present were Misses Lizzie Elliott, Nellie Elliott, Nora Hobbs, Elsie Hobbs, Fannie Hunt, and Cora Edmond; Messrs. S. P. Elliott, John Elliott, Mark Edmond, Fred J. Freese, Walter C. Freese, Will C. Finney, Verrel Richcreek, Carl Richcreek and Harry Hunt.

Sleighting parties composed of the Misses Nora Hobbs, Elsie Hobbs, Cora Edmond; Messrs. Ray Layman, James Layman, Verrel Richcreek, Mark Edmond, Fred J. Freese, Walter C. Freese and Will C. Finney were very pleasantly entertained at the home of Mr. and Mrs. H. M. Elliott Tuesday evening. The evening passed away quickly in social games and music. Refreshments were served, and at a late hour the young people returned to their homes.

The stork visited our community Wednesday and left a baby girl at the home of Mr. and Mrs. Henry Oldaker.

Mr. Andrew King of Jersey spent last week with his daughter, Mrs. W. A. Elliott.

Mr. Frank Dush has purchased the Calvin Harris farm owned by Isaac Bebout.

Master George W. Marriott has returned to his home in St. Louis, after spending a week with his grandparents, Mr. and Mrs. G. W. Marriott.

Mr. O. Hickey, who has been suffering with pneumonia is much improved.

A good number of young people attended the play "The Valley Farm" at Martinsburg Saturday evening.

To feel strong, have good appetite and digestion, sleep soundly and enjoy life, use Burdock Blood Bitters, the great system tonic and builder.

SUMMIT STATION.

W. L. Whitehead, a highly respected farmer living midway between this place and Jersey, died Saturday noon after a short illness of Bright's disease, aged 56 years. The funeral took place in the Presbyterian church at Jersey Tuesday at 11 o'clock. W. C. Hartinger of Pataskala, officiating. Burial was made in the Jersey cemetery. The deceased leaves a wife, five children, and two sisters, and one son Henry, in California.

Mrs. Ralph Tharp is quite poorly at this writing with stomach complaint.

Mr. John Tharp, who was operated on for appendicitis at the Protestant hospital Wednesday night, is reported much better at present.

Mr. and Mrs. O. A. Rusler and daughter Bessie spent Sabbath with relatives in Columbia Center.

Mr. and Mrs. Marion Camp, Mrs. E. H. Shambaugh were the Sabbath guests of D. J. Lamp and family.

Mr. T. W. Johnston and Mrs. Jas. Caughenbaugh of Brownsville, spent Friday and Saturday with the former's son, Mr. Reed Johnston and family, of this place.

Miss Jeannette Slane is quite poorly at this writing.

REAL ESTATE.

TELEPHONE

For What You Need

We will take pleasure in delivering anything in the drug line to any part of the city.

The only drug store that makes a feature of its delivery service.

A fact that is certainly appreciated this bad weather, when it is almost impossible for one to go out.

**ERNEST T. JOHNSON**  
Druggist,  
Hotel Warden Block.

# For The Good of All

Royal Baking Powder is equally valuable for the preparation of the finest, most delicate cookery and for substantial, everyday food.

Royal Baking Powder has been used by three generations and is employed in baking by the best families everywhere.

ROYAL BAKING POWDER CO., NEW YORK.

## LITTLE LOCALS

"Follow the trail of the winking eye." 16 1-2 N. Park Place. 21-dtf

Lichtig Eye Sight Specialist now located at 16 1-2 North Park Place, up stairs over Sturdevant's. 21-4f

Visit the New Optical Parlor at Haynes Bros. for the perfect correction of eyesight. 2dft

Do You Read?

D. E. Camp has the popular books of the day. You can get them at 5 cents. Limit 10 days. Call at his barber shop, 26 W. Main st. 9-dtf

Mr. Remington Improving.

A letter from El Paso, Texas, announces that the condition of Mr. C. W. Remington is improved and that Mr. Remington will soon return to Newark.

Corn Supper and Social.

The Degree of Pocahontas will hold a "corn social" at Red Men's Hall on Wednesday evening, March 21. Supper from 5 p. m. Corn supper, 10c. Cream and cake 15 cents. 19-3t

Thanks the Eagles.

Mrs. Parks, matron of the Day Nursery, desires to return her thanks to the members of Licking Aerle, No. 387, of this city, for a generous supply of edibles donated the institution.

Aid Society Meets.

The Ladies' Aid Society of the Christian Union church is requested to meet at the home of Mrs. Charles Yantz, on Pine street, to sew all day Thursday. Instead of at Mrs. Bird's home as was announced.

Telephone Dividend.

The Newark Independent Telephone company's directors Tuesday night declared the regular 2 per cent quarterly dividend on common stock, payable April 1. Dividends on preferred stock are payable in January and July.

Groundhog Has Over slept.

The groundhog is evidently sleeping over time. The six weeks up and the cold weather continues. Next year some philanthropist ought to see that the pestiferous little animal is provided with an alarm clock. Six weeks of this kind of weather is a plenty.

Japanese Student Speaks.

Rev. Bunzi Hamada, a Japanese student at Chicago university, will speak at the First M. E. church tonight on "The Influence of the Gospel on the National Life of Japan." He is one of the brightest of the many brilliant men of the "Sunrise" nation. Hear him.

Palace Rink.

The skating races at the Palace rink are proving a great drawing card, the hall was crowded Monday and Tuesday evenings with interested spectators and friends of the contestants. The race on Monday night was won by Frank Holnicka in five minutes and eight seconds; on Tuesday night by Ed Fenechel in less than five minutes. Both these contestants will be out of the races until Saturday night when the five best men will race for the final decision.

Y. M. C. A. Contest.

Since yesterday's report the Whites lost their place in the lead, it being captured by the Reds again. But it

that he will be able to get a bunch together which will make the Coshocton lads bowl their best. A team of quintet bowlers from Columbus will come to Newark Friday evening to be beaten by the Music Hall team.

Racing at the Palace Rink tonight.

The many friends of Mrs. Sidney Livingston in Newark and throughout the county, will be pleased to learn that she has so far recovered from her long illness as to be able to be out for the first time this winter on Tuesday. Mr. Livingston took her in a conveyance to the scene of the Eagles' ox race on West Main street, where the process of roasting the ox was fully explained to her by those having charge. A choice piece of the roast, together with all the "fixings" was sent to Mr. Livingston at her home on the North Side, which she greatly enjoyed.

## FORTY RESCUED BY ONE FIREMAN

WHO TORE HIS APRON INTO STRIPS AND MADE A ROPE

He Then Remained at His Post Until the Last One Had Reached a Place of Safety.

New York, March 21.—A most remarkable rescue was accomplished last night when more than forty persons were saved from death by smoke and flames through the aid of a rope made out of strips from the apron of a cool-headed fireman, the whole transformed into a "slide-for-life" line. One, almost suffocated, was carried by a fireman who risked his life in the deed. The blaze was in the Bousier Electric company's plant, a six story building. The people at work on the upper floors were cut off from the usual avenue of escape by smoke.

Twenty employees crowded in panic into a rear room. There Foreman Fred Hummel devised his unique apron fire escape.

He tore his leather apron into strips and tying these together made a rope of considerable length, which he fastened to the window sill. The brave fireman remained until the last of his men had reached safety.

The Sparta Confectionery Co. has suspended business for a few days on account of repairs to the building. It

## AMUSEMENTS

THE FORTUNE TELLER.

Scenery, costumes and appointments are lavish and show the expenditure of a large amount of money in the production of "The Fortune Teller," which Milton and Sargent Aborn will present in this city Thursday evening, with the entire magnificent equipment made for Alice Neelsen's

no successful contradiction of the claim. Its run in New York, Chicago, Philadelphia and the cities of this size eclipsed the record of any kindred attraction for a return of great patronage. "Babes in Toyland" enjoys a delightful fact. It is the sort of offering that "ye old folk" can take the little one to see, enjoy all

### Governor Pattison Will Not Stand for the Treacherous Action of Senator Lamb.

To the satisfaction and delight of Democrats, Governor Pattison will not stand for the traitorous conduct of Senator Lamb, the alleged independent of Toledo, who on Tuesday sold out to the Dick Republican machine and voted for all of the Herrick recess appointments to the institutions of the State.

Governor Pattison gave out a statement on Wednesday that he would demand the resignations of all these Herrick appointments and fill their places with enough Democrats to reorganize the boards of all the State institutions. The Governor very properly claims that Lamb's traitorous conduct is not only in violation of all his personal pledges to his constituents, but that his action of Tuesday defeats the will of the people as recorded last November.

The Governor's timely statement will be found in an Advocate dispatch from Columbus today.

Republicans added the house Democrats in passing a bill the other day to repeal a law which a good many Democrats declared last fall should be repealed at the first opportunity. There are abundant evidences in the actions of Republicans themselves that they did not believe all they claimed in the campaign last fall and that they now believe that the Democrats are to be trusted and acted with on occasion.

The Mansfield News, which can not be accused of ever having been lukewarm when there was a Republican ticket to be supported, does not leave its position as to the Cincinnati investigation to be guessed at for it commends the work of the Drake committee of the senate through which startling testimony as to graft has been brought out but in so commending the work it says some things which stir up the memory. It says: "It is a matter worthy of note and congratulation that not a newspaper of the state has attempted to apologize for or condone the condition of affairs. Prominent Republicans of the senate and the house have supported the investigation. With it all, prominent Republican leaders like Congressman Webber of this district who has the political foresight to see coming events and independence to stand for purity in party politics will not longer be censured, but on the contrary he commended for insisting that the party be divorced from the suspicion of corrupt party alliance."

At Moscow 20 armed men surrounded the Mutual Credit society's bank, secured \$425,000 and escaped.

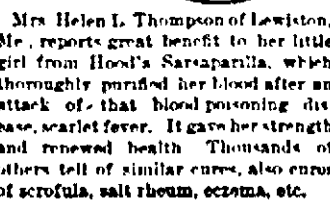

In a fight between a foreman and Italian laborers on the South & Western railroad, at Marion, N. C., the foreman defending himself, clubbed seven of the men to death with a steel crowbar.

## Pure Blood

Is certain if you take Hood's Sarsaparilla.

This great medicine cures those eruptions, pimples and boils that appear at all seasons; cures scrofula sores, salt rheum or eczema; adapts itself equally well to, and also cures, dyspepsia and all stomach troubles; cures rheumatism and catarrh; cures nervous troubles, debility and that tired feeling.

**SPECIAL.**—To meet the wishes of those who prefer medicine in tablet form, we are now putting out Hood's Sarsaparilla in chocolate-coated tablets as well as in the usual liquid form. By reducing Hood's Sarsaparilla to a solid extract, we have retained in the tablets the curative properties of every medicinal ingredient except the alcohol. Sold by druggists or sent by mail, 100 doses one dollar. C. I. Hood Co., Lowell, Mass.

Mrs. Helen L. Thompson of Lewiston, Me., reports great benefit to her little girl from Hood's Sarsaparilla, which thoroughly purified her blood after an attack of that blood poisoning disease, scarlet fever. It gave her strength and renewed health. Thousands of others tell of similar cures, also cures of scrofula, salt rheum, eczema, etc.

## TO SELL REALTY OF LINGAFELTER

E. W. CRAYTON, TRUSTEE IN BANKRUPTCY PETITIONS REFEREE ROGERS.

The Matter Will be Heard in Columbus on March 30—First of Lots to be Offered at Auction.

Edward W. Crayton, trustee of the estate of James F. Lingafelter, bankrupt, has applied by petition for authority to sell at public auction for cash on day of sale the following real estate:

Lots 37 and 24, Newark, appraised at \$11,000; two stables \$1000; lot 2470, Smith's addition, \$1800; lot 2523, \$700; lot 2521, \$200; lot 2535 \$200; lot 2319 in Miller's addition, \$800; lot 909, Louis Evans' addition, \$500; lots 3121, \$100; 3123, \$100, and the undivided sixth of 14 lots in Grable, Clifton & Lingafelter's addition, each appraised at \$15; lot 13 in Peters' addition to Pataskala, \$75; 167 acres of land in Lima and Franklin townships and also personal property appraised at \$1326.95.

A hearing will be had upon the petition before Referee C. M. Rogers at Columbus, on March 30 at 10 a. m.

## MOTHER NATURE

HAS A HEALING BALM FOR EVERY WOUND.

Try This for Your Cough.

Mix half an ounce of the Pure Virgin Oil of Pine with two ounces of glycerine and half a pint of good whisky, shake well and use in teaspoonful doses. Dr. Leach, the famous throat and lung specialist, who established a camp for consumptives in the pine woods of Maine, and whose remarkable cures there have attracted great attention from the medical world, declares that the above formula will heal the lungs and cure any cough that is curable. It will break up a cold in twenty-four hours. The ingredients can be secured from any good prescription druggist at small cost.

Inquiry at the prescription department of a leading pharmacy elicited the information that the Pure Virgin Oil of Pine is put up only in half-ounce vials for dispensing; each vial is securely sealed in a round wooden case with engraved wrapper, showing the name—"Virgin Oil of Pine (Pure)"—plainly printed thereon. Only the cheaper oils are sold in bulk but these create nausea and never effect the desired results.

Virgin Oil of Pine (Pure) is also said to be a perfect neutralizing agent for uric acid.

"The Night After," March 20, by the Juniors. 19-cent.

## SEVEN MEN WERE CLUBBED TO DEATH

Within Three Minutes by the Powerful Foreman Who Was Armed With a Steel Bar.

Bristol, Va., March 21.—Dispatches received here say that a foreman on the construction of the South and Western Railway, near Marion, N. C., was attacked by an infuriated band of Hungarian and Italian laborers engaged in work on the road. Quickly arming himself with a large steel bar, the intended victim clubbed seven of them to death before they could retreat, the killing of the entire lot occurring in less than three minutes' time.

It is said that the trouble arose over the assumption on the part of the foreman that the foreman was taking an unfair advantage of their inability to grasp the native vernacular. It is generally conceded that the wholesale slaughter of the foreigners by the foreman was justified by his imminent danger, but it is feared that trouble will be encountered with the thousands of their fellow countrymen engaged in work on the new railroad. Marion is located in a very isolated section and particulars are hard to obtain.

## THE SPIRIT OF 1906.

New York Herald.

## TRAITOR LAMB

(Continued From Page 1.)

institutions, and only a few more Republicans who march under the banner of Senator Foraker.

In the past 10 or 12 years Senator Dick and the state organization have practically named these employees who are a part of the machine and contribute to its effectiveness with their money and their votes. But few changes were made under Governor Herrick.

The appointments that were rejected were in the main his special followers, so that Dick comes out of the deal better off than either the past or present governor. His followers are jubilant over the great whiff of their exaltation is loud and gleeful.

With the appointments is also carried the right to spend the millions for the care and keep of the state's wards and this will in the future as in the past, be spent where it will do the most good.

All of the various State Boards of Examiners which the Republican machine took good care to make partisan for their foundation in order to provide places for its followers are continued Republican. Upon none of them will appear a Democratic majority. Governor Pattison was not even permitted by Senator Lamb to name his own board of pardons, that gentleman voting to confirm two men who were nominated by Governor Herrick. Owing to the confidential relations occupied by the board toward the governor it was expected that Lamb would yield in this instance, but he failed to do so.

Not all of the nominees confirmed, however, were Republicans. There were some Democrats among them but these latter openly voted and worked against Governor Pattison.

It was expected that Senator Lamb would vote for the retention of certain Trustees. Instead, he voted for all of them save those in charge of the Agricultural Experiment Station at Wooster, and these he is said to have turned down because of representations made to him by Senator Vanover of that city, who showed that Congressman Luther Snyder had been endeavoring to get a political machine to working there.

In addition to practically naming all of the trustees, Lamb saved State Highway Commissioner Sam Huston, of Jefferson county, and Joseph B. Bishop, of the State Labor Statistics. Michael D. Blatchford, a month's lease upon official life. From the manner in which he voted at the start it was thought he proposed to give the honorary positions to the Republicans and those carrying compensation to the Democrats. But a review of the list shows that such was not his intention.

If the Republican state machine is jubilant and happy, the reverse is true of the State Democratic organization, of which Congressman Harvey C. Garber is the head. Lamb's action has fairly taken away the breath of its members. All the work

it has done falls to the ground. There are thousands of applicants for minor places that had filed their papers through this organization, 600 alone being for the trusteeships which were rudely plucked away.

Governor Pattison has also in his possession hundreds of personal applications for the same places, and these, too, may now be filed away for future reference. There is, nothing left for the faithful but the appointments in the state departments. The Democratic leaders could scarcely believe their senses in the Senate chamber while the work of the destruction of their plans was going on. Enraged on a couch was Secretary to the Governor Louis B. Honck, tally and pencil in hand. As each of the Herrick appointments went through, his chubby, round face grew blanker and blanker until at last it was absolutely without expression. There was no need of asking him whether the action of Senator Lamb was astonishing. To the Republicans the surprise was as great, but it was one of pleasure. They never believed that Lamb would go to the extent he did. Water in the desert was never sweeter than his general turnaround of practically every one of the 72 nominations and they can scarcely believe that yesterday's occurrences are real. No statement has yet been made by Governor Pattison to whom the news was carried by Secretary Honck after the Senate had finished its business.

It is known that he depended upon Lamb to support his administrative policy, and the Toledo man has repeatedly said that he intended to do so. The master of events insists that his actions were the result of reflection. This is doubted by the Democrats. It was only Monday that he repeated his threats of last week, declaring that he would make his former allies smoke for their actions upon the salary and temperance bills. He promised to teach them a lesson that they would remember as individuals and a party. This is taken to mean that his action was influenced by a spirit of revenge for the fancied insults put upon him by Senator Jas. Williams, the Democratic leader, last week.

The real facts are, that Lamb sold out to the Dick machine, and all his excuses for his traitorous conduct are mere pretexts for his treachery. Lamb was elected by the people in Toledo who voted for Governor Pattison, and his action in voting to confirm the Herrick appointments is a plain betrayal of his own constituents.

**Nineteen Perish.**  
Mexico City, March 21.—Nineteen persons perished in a terrific norther which swept the coast of Vera Cruz. Two of the storm victims were pleasure seekers from this city. B. Strittmatter, nephew of J. C. Strittmatter, president of the American club, and Francisco Pena, a member of a prominent family here. The other 17 were fishermen.

## PENSION DECISIONS

That Have Been Made by the Assistant Secretary of the Department of the Interior.

**Marriage—Presumption of Death.**  
Kentucky—A marriage duly and formally entered into is presumed to be valid, and slight evidence is held sufficient to warrant a finding of fact that death of a prior consort occurred within a period of seven years prior to such marriage, when such fact is essential to make it valid.

**Restoration Under Act of March 3, 1901—Soldier died while in the service, and his widow was pensioned. She received the pension until her remarriage, October 12, 1871. Her last husband died Dec. 5 1898 in New York. On his petition he had obtained a divorce from claimant.**

**Held:** That the divorce having been obtained by her second husband and not upon her own application, she has no title to pension under the provisions of the act of March 3, 1901.

**Practice—Increase—When a claim for increase has been rejected, but thereafter another test medical examination is ordered, such action is a reopening of the claim, and increase may be allowed from the date of the last examination establishing an increased disability.**

**Minor's Pension—Act June 27, 1890—A minor child of a deceased soldier is entitled to pension under the third section of the act of June 27, 1890, even though the marriage of its parents took place subsequent to June 27, 1890, provided it is shown that the surviving widow is not entitled to pension under the general law.**

**Reimbursement Mistake—Where a pensioner's name is dropped from the rolls under the act of June 27, 1890, and payments of pension are continued through error on the part of a pension agent, the government may reimburse itself for the money so paid out of the accrued pension in claim in behalf of said pensioner for renewal of pension under said act.**

## GOOD NEWS TO WOMEN

**FATHER WILLIAM'S INDIAN TEA.** Nature's Remedy, is becoming the most popular Female Remedy in use.

Pale, Weak, Nervous, Delicate Women suffering from those weaknesses and diseases, peculiar to their sex, will find in **FATHER WILLIAM'S INDIAN TEA** a wonderful TONIC and REGULATOR. It quiets the Nerves, puts on flesh, gives strength and elasticity to the step, brightens the eyes, clears the complexion and makes you well and strong again. Tea or Tablets, 20 cents. W. A. Erman & Son, Third street, and Union and West Main.

Congressman Aubrey Thomas was nominated by acclamation by the Republicans of the Nineteenth Ohio district at Warren.

Read the Advocate Want Column.

## DO NOT FAVOR LIQUOR LICENSE

ON PRINCIPLE AND ANTI-SALOON LEAGUE DOES NOT WANT AIKEN BILL.

The Organization Issues a Statement Declaring Its Policy on Pending Temperance Legislation.

Columbus, O., March 21.—The Ohio senate took up and passed Senator Schmidt's bill granting immunity from prosecution to witnesses who testify before special committees of the general assembly. The senate bill of Mr. Carter, providing for the appointment of guardians for persons unable to attend to their own affairs, also was passed. Other bills passed by the senate: H. B. Mr. Harper, to punish person guilty of hazing; S. B. Mr. Ward, providing that cities having a health department shall have control of plumbing department and the installation of plumbing; H. B. Mr. Billingslee, to authorize the governor to execute a deed for certain lands to Caroline Strode; H. B. Mr. Briggs, fixing the maximum levy for school purposes at 12 mills; H. B. Mr. Phillips, to provide for the release and discharge of county, township and school district treasurers and their sureties in certain cases.

Bills passed by the house: H. B. by Mr. Tinker, specifications for public improvement must not contain requirement for the use of a patented article or process; H. B. Mr. Stockwell, to enable city to give railroad fee simple to depot site; H. B. Mr. Smith, providing cities may forbid extra charge to consumer for use of gas or water meter; H. B. Mr. Stockwell, regulating the business of lending money on chattel security and fixing the maximum rate of interest to be charged at 1½ per cent; H. B. Mr. Shuler, giving to councils in cities the power to vacate streets and alleys in order to facilitate the establishing of grade crossings.

The house defeated the Beatty senate bill requiring the filing of chattel mortgages exclusively with county recorder.

The house has concurred in the senate amendments to the Wilson county officers' salary bill.

## Recess Appointments.

Of the seventy-two Herrick recess appointments Senator Lamb voted for the confirmation of all but 11, those rejected being: A. I. Vorys, Fairfield, commissioner of insurance, term ending June 2, 1908; Hy D. Davis, Cuyahoga, fire marshal, term ending May 16, 1906; W. E. Kennedy, Hamilton, chief examiner of steam engineers, term ending April 30, 1908; Mark Slater, Montgomery, supervisor public printing, term ending May 31, 1907; James C. Morris, Mahoning, commissioner of railroads and telegraphs, term ending March 14, 1907; J. H. Morgan, Guernsey, inspector workshops and factories, term ending April 22, 1909; Demas P. Rowland, Hamilton, member board of penitentiary managers, term ending March 31, 1910; John K. Scudder, Hamilton, member state board of medical examiners, term ending March 18, 1912; Theodore C. Laylin, Huron, term ending Feb. 25, 1908, D. D. White, Erie, Feb. 25, 1910, and John Courtwright, Pickaway, Feb. 25, 1906, members board of control Ohio agricultural experiment station, and George P. Taylor, Brown, trustee Institution for Deaf and Dumb, term ending first Monday in April, 1910.

By voting with the Republicans Senator Lamb practically left intact for the next two years the organization of the various state institutions.

## Anti-Saloon League on Aiken Bill.

The Anti-Saloon league's headquarters committee issued a statement defining the Anti-Saloon league's attitude toward the Aiken bill increasing the Dow liquor tax to \$1,000. The statement reads: "As an organization the Anti-Saloon league is opposed to licensing the liquor traffic or to any taxation system which is in effect a licensing of the liquor traffic. It is a vicious principle, inimical to public morals. The Anti-Saloon league is guided in its policy by the action of the church bodies of the state, and practically all of which are on record against licensing the saloon and none of which are on record in favor of it. Many supporters, however, of the Anti-Saloon league realize that taxation is a part of the present policy of the state of Ohio in dealing with the liquor traffic, and believe that the increase of the tax would decrease the number of saloons. The league has succeeded in the past, by championing measures on which its constituency is not divided. It is manifest on all sides that the friends and supporters of the league are divided on this question; consequently, the officers of the league can not use the organization to help pass the thousand dollar tax. County local option, which has always been a part of the legislative program of the league, should be urged for immediate enactment into law."

Racing at the Palace Rink tonight.

## Jerome's Opinion.

New York, March 21.—The giving of contributions from the funds of a life insurance company by the officers of such a company does not constitute larceny or any other crime, in the opinion of District Attorney Jerome. This opinion was submitted to Justice O'Sullivan in the court of general sessions.

# THE FOUNDATION OF A PERFECT FIT

The foundation of a perfect fitting gown is a properly fitted corset. Therefore you should be correctly corseted before you have your new gown fitted. The corset that will give you the most stylish figure is the Royal Worcester and with the style is combined comfort and durability. The new models are designed to give the graceful rounded tapering waist effect that is so popular with good dressers at this time.

Properly fitted with one of these corsets you are not only comfortable, but may rest assured that your new gown will be fitted to a stylish figure. We carry a very complete line of high grade corsets and cordially invite you to inspect them.

See the New Models in Our Show Window.

## JUDGE JOHN M. SWARTZ SHOWS GRAFT IN FRANKLIN COUNTY

As Administrator, He Returned Property of His Decedent Voluntarily, and Refused to Pay Fees to the Auditor and Inquisitor for Collecting the Taxes.

Columbus, March 21.—The substitute tax inquisition bill, which is designed to be a curative clause. It is a statement that no contracts made under the inquisitor law shall be invalidated by the bill which repeals the law. This language is in place, as no law can be retroactive, and a law abolishing the tax inquisitor system could not effect contracts now in force, lawyers say.

But the surplusage clause might be construed as validating transactions which are in dispute, and it has been suggested that the subcommittee, which is friendly to the inquisitor system, had a notion this curative clause would make good the \$30,000 grab in Franklin county which is pending in the court, under injunction. If there is such a curative clause in the bill, it is safe to say it will cure nothing. Every curative clause in any bill for the past four years, and there have been several, have been given a black eye by the supreme court. That court has held consistently that the legislature cannot make a bad law good by declaring it good.

It is said that some of those who are inclined to favor the substitute bill are lacking in information upon the general subject of the methods of tax inquisitors. The State Journal presents documentary evidence proving one of the schemes worked by the inquisitor in Franklin county, in conjunction with the auditor. It illustrates fairly the methods employed to rob the dead under the inquisition.

The deposition is that of Judge John M. Swartz of Newark, one of the most highly respected men in Ohio. He was made executor of the estate of the late A. J. Biddleman. He discovered that the latter had not made tax returns upon all his taxable property. He went, voluntarily, to the auditor and reported his discovery, requesting that the proper assessment be made against the estate.

The inquisitor, working in cahoots with the auditor and acting upon the information, proceeded as if he had devoted his attention to the case and as if he had made the discovery reported by Judge Swartz, and actually claimed and received fees for placing the omitted property on the duplicate.

The case is merely one of many unearthed in the recent investigation of graft and grafters at the Franklin county courthouse.

Judge Swartz's deposition was taken by Fred C. Hector. The cross-examination was conducted by Joseph H. Dyer, representing L. Irving Jones, auditor of Franklin county. Judge Swartz testified that he was 60 years of age, a resident of Newark, and a lawyer of 27 years' experience, and that he had served as prosecuting attorney of Licking county and as circuit judge in the fifth circuit of Ohio. Nearly every question was objected to by Mr. Jones' attorney on the ground that it was "immaterial, irrelevant, and incompetent."

The gist of Judge Swartz' testimony in his deposition was that after he took charge of the Biddleman estate, he found some notes, aggregating about \$31,000, which had not been returned for taxation by the decedent in his lifetime. With Biddleman's two daughters, Judge Swartz went to the office of the Probate court and filed an inventory of the estate, and from there to the auditor's office where he told Auditor Jones about the property that had not been turned in for taxation. The auditor asked them to come in next day, which they did. On this second visit Judge Swartz was introduced to Mr. GIBBILION, to whom he reported the omitted property, which was afterward put on the tax duplicate.

Some time after some \$185 was charged as commission for collecting the taxes, and on this Judge Swartz and the other executors of the estate objected, as the return was made by them voluntarily and not on account of any process of the auditor or inquisitor.

St. Petersburg, March 21.—Most sensational reports are current here that the execution of former Lieutenant Schmidt, which has made a deep impression throughout Russia, has been followed by an extensive mutiny of sailors at Sebastopol, the massacre of their officers and being by the fortress upon the city. The truth of the story is doubted. No press dispatches confirming the story have been received, but if the report should prove to be true the absence of these might be accounted for by the imposition of censorship.

Mourn Schmidt's Death. Moscow, March 21.—The Social Democrats and revolutionaries of this city are mourning the death of Lieutenant Schmidt. Thousands of workmen were crepe on their arms and funeral services were held in the chapels of many factories. The population generally is also deeply affected. Requiem masses have been said in several of the churches.

Notice for Payment of Special Tax Assessment. All parties wishing to pay special tax assessment before being placed on tax duplicate, thereby saving five per cent interest on delayed payment, will please take the City Auditor's voucher to the County Treasurer's office. R. C. BIGGEE, City Treasurer.

PROPOSITIONS To Effect Reconciliation of German and French Ideas.

Algeiras, Spain, March 21.—A basis for the adjustment of the rival claims of France and Germany before the conference on Moroccan reforms has not yet been found. The Austrians are preparing a further outline project, which, it is hoped, will contain a suggestion less objectionable to France than the Casa Blanca proposition, while at the same time safeguarding the international principle. The proposed guarantee consists of an inspection general with full power, nominated by the powers, to which he shall be responsible. Should a scheme not effect a reconciliation of German and French ideas, then it is in all probability an amended plan which will be discussed simultaneously with the Austrian plan until a final understanding is reached.

## GRANVILLE NEWS

Granville, March 21.—Prof. R. S. Colwell exhibited a number of beautiful pictures from his lantern slides on Wednesday morning to the History of Scripture and Architecture classes of the university. The views were excellent illustrations of the best examples of Greek sculpture and architecture. Prof. Colwell's collection is unusually fine, and it was considered a great opportunity by all the members of these classes to be present.

Mrs. Boovinger of Dayton, is the guest of her nephew, Alfred Fiske of Denison university.

## OVER THE HILLS

To the Poorhouse Goes the Immortal J. N., the Peripatetic Philosopher of America.

Upper Sandusky, O., March 21.—The county infirmary directors received a letter from J. W. McDonald, superintendent of the Perry county infirmary at New Lexington, stating that the immortal J. N. Free was now in that county and would be a charge upon that institution. The letter contained the required papers that compel the authorities for the poor in this county to go to New Lexington and return him to Wyandot county infirmary. Directors N. J. Seifert and H. A. Hetzel will go to New Lexington and return with the wandering philosopher.

## Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers; they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-worked in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney medicine, is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Write for it free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name Swamp-Root. Dr. Kilmer's Swamp-Root and the address, Binghamton, N. Y., on every bottle.

## Charge of the Wood Brigade.

In a congressional debate last week on the slaughter of women and children at the battle of Dajo, in the Philippines, where six hundred Moros, without regard to age or sex were ruthlessly shot down by American soldiers under the orders of General Leonard Wood, Representative Jones of Virginia, said that the so-called "bottle" was a "blot on the American name." Others in both houses severely criticized those responsible for the carnage.

During the debate the minority leader, John Sharp Williams, read a parody on the "Charge of the Light Brigade," written by Representative Burleson of Texas, as follows:

CHARGE OF THE WOOD BRIGADE;

What the Heavens Call the Massacre of Dajo Hill.

Chased them from everywhere, Chased them all onward, Into the crater of death Drove them—six hundred!

"Forward the Wood Brigade! Spare not one," he said; "Shoot all six hundred!"

"Forward the Wood Brigade!" Was there a man afraid?

Not tho' a soldier knew Heaven had blundered, Savages can't reply, Heaven can't reason why; Women and children die.

Forced in the crater of death; Cannon to right of them, Cannon to left of them, Cannon in front of them,

Volleyed and thundered Stormed at with shot and shell, Women and children fell Into the jaws of death, Into the mouth of hell,

All told, six hundred! Flashed all the sabres there, Flashed as they turned in air, Sabring the women there, Charging the women, while

All the world wondered, Stilled by cannon smoke—Men, women, children choke—Women and children

Reel from the bayonet stroke, In death not slumbered; Families slaughtered there, All of six hundred.

Stormed at with shot and shell, While child and mother fell, They that had loved so well!

Thrust into jaws of death, Trapped into mouth of hell, Not a trace left of them,

Left of six hundred! What shall such blood-thirst slake? Go ask Hell-Boating Jaho!

Whether Wood blundered, Honor the charge they made, Honor the Wood Brigade,

For that six hundred, Racing at the Palace Rink tonight.

ROCKY FORK.

The funeral of Foster Hillberry was

held at Rocky Fork church Sunday,

and was largely attended.

Mrs. Milton Nichols is convalescent.

Miss Arlen Kerr is on the sick list.

Mrs. S. W. Nichols is about the

same.

Mr. Win. Thompson and wife went

to Newark Friday.

T. T. Davis and Fred Davis went to

Newark Friday.

Mr. and Mrs. T. W. Boyer and son

Floyd were in Newark Friday.

Miss Barbara Nichols of Newark

is visiting relatives here.

T. T. Davis called on Mr. and Mrs.

W. H. Lacey last evening.

The Rocky Fork school will close

Friday with an exhibition in the eve-

ning. Admission free.

Mrs. Wess Boyer received a letter

from her sister, Mrs. J. W. Cannon,

Monday telling of her little daugh-

ter's illness with acute la grippe. Dr.

Smith of Ulen was in attendance and

thinks she will get along all right.

Mrs. Fanny McArthur and daughter

Grace visited Mrs. Sarah Devoll Sun-

day.

Mrs. Henry Devoll is very poorly.

Elly Daily is home from Ulen, where

he has been working at the glass fac-

tory.

Mr. John Harrold has had some re-

pairing done on his house.

OPERATORS

(Continued from Page 1.)

and miners of the central competitive

district, comprising the states of Illi-

nois, Indiana, Ohio and western Penn-

sylvania, which is the result of the

efforts of President Roosevelt to effect

a permanent peace in the coal indus-

try throughout the United States, ad-

journing after referring the demands of

the miners to the joint scale commit-

tee, which commenced its delibera-

tions here today. The conference was

called to order by President John

Mitchell of the United Mine Workers.

The conference organized at once by

the election of the following officers:

George W. Trauer, an operator of Chi-

cago, permanent chairman; Secretary-

Treasurer W. B. Wilson of the United

Mine Workers of America, permanent

secretary; assistant secretaries, Frank

S. Brooks of Columbus, O., and C. L.

Scroggs of Chicago. On motion the

rules of the previous joint conference,

requiring that the vote of the parties

on "all main and principal ques-

tions" be cast as a unit, were adopted.

This action empowers E. L. Robbins,

retiring chairman of the operators,

and Thomas Lewis, vice president of

the United Mine Workers, to prevent

any action on the wage scale which

they do not favor. The following were

announced as members of the joint

scale committee who will act for the

operators: Illinois, H. N. Taylor, A. J.

Moreshead, B. F. Woods, O. L. Gar-

son; Pennsylvania, F. L. Robbins, G.

W. Schulerberg, W. W. Kiefer, G. A.

Magoon; Ohio, H. L. Chapman, F. M.

Oshorne, C. L. Cassingham, John H.

Winder; Indiana, A. S. Boze, H. J.

Seifert, H. F. McClelland, J. F. Shir-

key.

Strike Assessment.

Pittsburg, March 21.—Telegrams re-

ceived here from Indianapolis state

that John Mitchell, president of the

United Mine Workers, had decided

upon an assessment of 20 cents a week

for the local miners to be used in case

a strike is called April 1. Some

months ago the miners were assessed

10 cents a week for a strike fund, but

the order was effective but one month.

The miners of the local district do not

regard this as an indication that there

will be a strike. They claim that even

though a settlement is reached they

will be compelled to pay a certain

amount of money each week to sup-

port the miners of other districts, pro-

vided the latter are called out on

strike.

First snow of the season in Ala-

bama. All streams are high because

of recent rains and trains are delayed

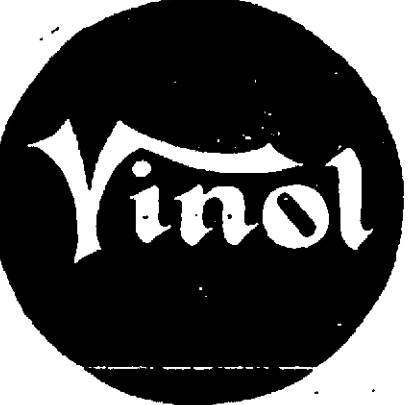

on many railroads, due to washouts.

OBITUARY

JOHN MCGONAGLE.

Undertaker James A. McGonagle

was called to Maxahala, Perry coun-

ty, Tuesday by the death of his fa-

ther, John McGonagle, one of the oldest

of the pioneers settlers of that part of

the state.

Mr. McGonagle was aged 78 years,

and has been bested for the past five

## FREINER TRIAL IS POSTPONED

ON ACCOUNT OF THE ABSENCE  
OF SEVERAL ATTORNEYS IN  
COLUMBUS.

The State Has Nearly Completed Its  
Direct Testimony—Interest in  
Trial Growing.

The Freiner murder trial was postponed Tuesday afternoon by the court, until Wednesday at 1 p. m. owing to the fact that both Prosecutor Fitzgibbon and Judge Hunter were required to be in the Supreme court.

The interest in the murder case is growing rapidly as the work advances, and this afternoon at the time set for resuming the case, the court room was packed with spectators, an even larger crowd being present than at the Lingafelter forgery case which attracted so much attention. Old men and women, children, and women with babies in their arms, all thronged the court room expecting to hear more of the case.

Judge Seward announced that he had received a message from Judge Hunter and Prosecutor Fitzgibbon in which they stated that it would be impossible for them to reach this city before 3 o'clock, and that therefore the case would be continued until Thursday morning at 9 o'clock.

Judge Hunter, continuing the cross examination of Clyde Osborne, asked the witness Tuesday afternoon if he did not know that Otis Smith left because he stole a diamond ring.

"I think that's what he left for," was the answer.

"When did you first go to Lizzie Rogers?"

"I don't know just when."

"The night of the shooting, did you know Tom or Smith were there?"

"No, sir."

"Did you get there before 9 o'clock?"

"Yes, sir."

"You went there for immoral purposes?"

"Yes, sir."

"Did you see Tom drink?"

"No, sir; not during the day time."

"Didn't you see any of the four drunk?"

"No, I didn't."

"Now when you got there, what room did you go into?"

"Into the kitchen."

"Did you go into the side door?"

"Yes."

"Whom did you see in the room?"

"I don't know."

The witness was questioned further regarding the whereabouts of the trio after leaving the house.

The witness was asked about a conversation with a man named John Ridenour in which it was claimed that the witness said that the trouble between the parties was all about the girl, Lizzie Hardy. He was questioned about John Lee and Wesley Grover, who were supposed to be at the place at this time. He was asked by Judge Hunter if Groves and Thos. Osborne had a fight over Groves' being with the girl. He answered that nothing of the sort occurred, and denied knowledge of any acquaintance with the man named Ridenour.

On re-examination by Prosecutor Fitzgibbon the witness was asked about the condition of the clothing of Otis Smith, the coat of which had a bullet hole in it. Judge Hunter asked the witness about the bullet hole in Smith's coat, much in detail. The object of the attorneys' questions appeared to be to show the position of the revolver when the shot was fired which was supposed to have penetrated the coat. The witness stated that the hole in the coat was round, while Judge Hunter in his examination, using the witnesses' coat as an example, showed that the shot would have to be fired from the side, instead of the front as testified, without killing Smith.

Police Captain Bell was next placed on the stand.

He told of making the arrest, together with Officers Hager, McClure, and Jamison. We went in the house

and Hager and Jamison went up stairs to the defendant's room. His mother was carrying on so that I told him to go back and talk to her. I talked with him, and he said that he had two loads in his revolver, and that he was walking along with his girl, and passed these three fellows. He said that they made some remark to him as he passed them. He went on further, and then he said something rolled past him on the sidewalk. He said he turned around and went back, saying if they wanted trouble he would give it to them, and drew a gun and shot twice.

Judge Hunter conducted the cross-examination, bringing forth considerable mirth by the reference to one-third of the night police force being required to make the arrest. However, very little was accomplished in the cross-examination of this witness.

Captain Bell was asked by Judge Hunter if he testified at the coroner's inquest. He stated that he didn't remember whether he had or not. The witness was then shown the coroner's report hearing, his signature to his testimony at that time.

Officer Charles Hager was called next.

"Do you know Harry Freiner?"

"I do."

"Did you see him on the morning of the 25th of April?"

"Yes."

"Where?"

"At his father's residence."

"Who was with you?"

"Officers Jamison and McClure."

The witness next related the conversation between the prisoner and himself at the time of the arrest. The gun with which Osborne was killed was at this point shown the witness, who identified it and the holster containing it, as that taken by him at the time of the arrest.

Upon the request of the Prosecutor the witness related the conversation which took place on the way to the station house, and practically the same in substance, was told by this witness as those preceding.

On cross-examination Judge Hunter asked the officer about his testimony at the coroner's inquest. Judge Hunter submitted the report of the coroner, as evidence to which the prosecutor objected. The court sustained the objection.

In his objection to the admission of the report, which was filed with the clerk, on the grounds that the testimony of the witnesses had been taken in short hand, and after having been transcribed, the real signatures of the witnesses had been cut out of the paper and pasted on the transcribed report.

Judge Hunter made the statement that if the report was not bearing verily enough to be admitted under those conditions, that the prosecutor should have some work in progress toward forcing the coroner to do his duty in furnishing reliable and accurate reports of the inquests conducted in such cases.

Police Officer Hollie Jamison was the next witness to be called.

He testified to the arrest and the conversations which ensued at the time. His testimony on examination was practically the same as the other policemen who testified.

Dr. Carl Evans, one of the physicians who attended Thomas Osborne after the shooting, was called to the witness stand.

"How long had you known him prior to April 24th?"

"About one year."

"Where did you see him the night of April 24th?"

"I went to the home of Thomas Osborne, with Dr. Knauss in his buggy."

"How soon after the ambulance did you go to the house?"

"Closely following it."

The witness stated that he found the injured man on the couch; that Drs. Warden, Knauss and himself were present and that they made an external examination. The ambulance conveyed him to the hospital at 12 o'clock. A consultation was held and his abdominal cavity opened. It was shown that the bullet had perforated the cavity in which the bowels, stomach and abdominal organs lie. The course of the bullet was described by the doctor as follows: "The bullet entered the body direct-

ly inward, but took a downward and backward course after passing directly inward for about an inch and a half. It then passed for 10 or 12 inches in a backward and downward course. An artery which was cut was tied and the bullet further searched for."

"When did you next see him?"

"On the morning of April 25th."

"What was the result?"

"We found what we considered a favorable condition, except a great shock to his system."

"And then?"

"Called the following morning and found his condition worse."

"After his death what did you doctors do?"

"Dr. Legge insisted upon a post mortem which was conducted by Dr. Knauss at Bowers & Criss Bros. place."

The witness testified as to the finding at the post mortem.

"We found that the bullet did not penetrate the intestines, but scraped them so that we found a gangrenous condition. We found the bullet located in the muscles of the pelvic cavity, in the extreme lower portion of the abdomen."

"What caused Osborne's death?"

"In my opinion it was gangrene of the bowels, caused by a bullet wound."

"Did you find any other evidence of disease?"

"At the post mortem we found a congested condition of the kidneys."

Judge Hunter conducted the cross-examination of the witness, which brought out no new points.

Dr. W. H. Knauss was next called and testified to practically the same as Dr. Evans, with the exception that he stated that he conducted the examination and performed the surgery in the operation and post mortem.

Dr. Warden was also called. His testimony was also in substance the same as the preceding witnesses.

## SUPREME COURT REMANDS CASE

IN WHICH HENRY KINDIG'S ADMINISTRATION HAD RECOVERED JUDGMENT.

Decedent Was Knocked from a Ladder by a Team of Runaway Horses and Killed.

The judgment of the Circuit Court in the case of the Jewett Car Works Company, plaintiff in error, vs. B. R. Nott, defendant in error, has been reversed by the Supreme court. In this case Henry Kindig by his administrator, B. R. Nott, brought suit for damages against the Jewett Car Co. claiming negligence on the part of the defendant company in operating a truck, which was being moved by a team of horses. It was claimed that the horses, by reason of being struck, ran away, and struck a ladder on which Kindig was standing painting a house some distance from the works, knocking the ladder and Kindig to the ground, by which he sustained injuries from which he died. For certain errors in the record as made, the Supreme court reversed the case and remanded it to the Common Pleas court.

Circuit court convenes in this city Tuesday, March 27.

Alleges Wilful Absence.

Emma Patterson has filed a petition in the Probate court wherein she asks for a divorce from her husband, William Patterson. She says that they were married in July, 1902, and that no children were born of the marriage. Wilful absence and failure to provide for the grounds on which the decree is asked.

Lunacy Inquests.

An inquest of lunacy was held by the Probate court Wednesday morning on Charles A. Varner, a young man aged 24 years, who resides with his father, Solomon Varner, in the East End. The testimony of the witnesses developed the fact that the mind of the young man had become

impaired over religious excitement, and he was accordingly adjudged insane. It is thought, however, that the trouble is only temporary.

At the conclusion of this inquest another inquest was held on Mrs. Catharine Baughman, an old lady 72 years of age, who resided with her daughter, Mrs. Amanda Thorpe in this city. Her mental trouble was caused by a stroke of paralysis. Both patients were taken over to Columbus Wednesday morning on the 10:15 car by Deputy Sheriff Hindel and assistants and turned over to the officials of the State Hospital.

Injunction Allowed.

F. A. Bolton, city solicitor, on behalf of the City of Newark, has filed a petition in the Common Pleas court vs. F. T. Maurath and others in which he prays that F. T. Maurath be enjoined from transferring funds from the contingent account of the Public Service fund to the account of the General fund, or any other fund of the city to the contingent fund of the general fund, and from drawing any warrant upon the treasurer of the city for \$150 or any part thereof. That R. C. Bigbee be enjoined and restrained from paying out of any money of the city to pay the warrant that may be drawn on him, or any money under the ordinance, resolution or contract, and that the councilmen be enjoined from making any contract or incurring any obligation under the ordinance or resolution with J. D. Jones and A. A. Stavel and that on the final hearing the injunction be made perpetual and that the ordinance and resolution and contract be declared null and void. Temporary injunction was allowed.

Motion to Dissolve.

In the injunction case against Water Works Engineer Davis a motion was filed by Davis' attorneys to dissolve the temporary injunction allowed by the court. Smythe & Stavel attorneys.

In the case of Wm. J. Shields, on behalf of the City of Newark, against The American Light and Water company, the defendant, by its attorney, A. A. Stavel, has filed a motion to dissolve the temporary injunction heretofore allowed by the court.

Lost His Papers.

Probate Judge Brister has received a letter from John Bickel of Kansas City, Mo., stating that he was a former resident of Newark many years ago, and that he had lost his naturalization papers and desired a copy of them.

Suit to Recover Loss.

James B. Fulton has commenced suit in the Common Pleas court against Wallace Swisher. The plaintiff says that on February 16, 1903, he occupied a house belonging to the defendant in Licking township, and that he was about to cause his goods and personal property to be insured, that the defendant agreed with him that if he would not cause the insurance to be placed on the goods that he would pay him the amount of any loss that he might sustain by reason of fire. He says that on October 5, 1905, the house and all its contents were destroyed by fire, causing a loss to him of \$200, for which he asks judgment. Smythe & Smythe, attorneys for the plaintiff.

Transcript Filed.

In the case of the State of Ohio against Isaac McClelland, charged with selling intoxicating liquor in the village of Ulica in violation of the statutes, wherein the defendant was found guilty and a motion for a new trial over-ruled, a transcript from Mayor Bricker's court has been filed with the clerk of the court.

Marriage Licenses.

Dr. W. A. Grace, Johnston; Verma E. Green, Johnston.

Floyd Marjoram, Black Lick; Ada B. Wellf, Sumner Station.

Clyde H. Clark, Newark; Flora Fauth, Newark.

Roy E. Pignam, Bladensburg; Ethel A. Shimpin, St. Louisville.

Court Notes.

Frank Linke, as guardian of Paul M. Linke, has filed his first account.

Townsend Orr, guardian of Claude G. Lawrence, Anna May Lawrence and Earl Lawrence, minor children of Ella and Edward Lawrence, has filed his inventory.

Townsend Orr, guardian of the estate of Anna May Lawrence, his minor ward, has filed his first and final account.

Real Estate Transfers.

Charles C. Metz and Christa A. Metz to A. J. Wessman, lot 6 in O. F. Connell's addition to Newark, \$275.

Sarah Alverda Baler to Larena M. Wylie, real estate in Newton township, \$1 and other considerations.

Larena M. Wylie and Dolores Wylie to Friend E. Brown, real estate in Newark, \$1500.

Geo. H. Davis and wife to Ada Denison, lot 150 in Knowlton & Aldrich's second addition to Ulica, \$1.

The Franklin Bank company to E. Baughman, lot 104 in the West Main street addition to Newark, \$95.

Benjamin F. Thomas and wife to Leroy Darnold and Leslie Darnold, real estate in Granville, \$1000.

Alma E. Hilliard to Philip B. Smythe, part of lot 266 in Newark, \$3,350.

Frank M. Crow and wife to Daid S. Hawley, real estate in Ulica, \$100.

## WILL RETURN GRATUITIES

Suits Against Hamilton County Treasurers Not Necessary.

## READY TO REPAY COUNTY

Union Delegation Withdraws From the Marysville Judicial Convention. Smith Nominated at Xenia in Opposition to Hildebrandt—Miscellaneous News of the Buckeye State.

Cincinnati, O., March 21.—Action to recover the "gratuities" paid by banks of Cincinnati to the various treasurers of Hamilton county will not be necessary, so far as concerned Rudolph K. Hynicka, John M. Gibson and Tilden R. French. These gentlemen, the first directly, the others through their attorneys, have signified to County Prosecutor Hiram M. Rullison that they stand ready to repay to the county this money, which, it has been claimed, is property of the county. Following the declaration of Tilden R. French that he would pay to the county the amount it is estimated he received as "gratuity" from the banks during his term as county treasurer if the courts decided that he was not entitled to the money, Mr. French handed to County Prosecutor Rullison a check for \$25,000. If the figures produced from the bank books indicate a larger amount he promised to pay the balance.

George B. Cox, the former Republican leader of this city, was subpoenaed to appear before the grand jury here.

Back Broken.

Cleveland, O., March 21.—Fearing that her husband, Francisco Dominico, would kill her, Mary Dominico leaped from a third-story window and broke her back. Her condition is critical. Mrs. Dominico says her husband got a pan and a long butcher knife and laid them side by side on the kitchen table. "I am going to kill you and the little girl and let your blood drip into this pan," he is alleged to have said. "Then I will throw your bodies out of the window." Dominico is under arrest.

Conducted Bucketshop.

Cleveland, O., March 21.—Lewis E. Smith, manager of the Cleveland Brokerage company's office here, who was indicted by the Cuyahoga county grand jury recently, appeared before Judge Kennedy in criminal court and pleaded guilty to the charge of conducting a bucketshop. The court imposed a fine of \$50 and costs. The grand jury, it is understood, has indicted the keepers of eight other alleged bucketshops, but none of them have so far been arrested.

Fees For Postmasters.

Dowling Green, O., March 21.—F. P. Riegle of this city represents 1370 former postmasters in this state in an action to recover from the United States government fees due them for the time they served between the years 1864 and 1870, which amount to \$262,000. He is also associated with Attorney Spaulding of Washington, D. C., on 14,000 claims from other states.

Delegation Withdrawn.

Marysville, O., March 21.—Upon the refusal of the Logan county delegation to withdraw the name of Judge Duncan Dow of Bellefontaine and nominate former Probate Judge John M. Brodrick of this county for common pleas judge, the Union county delegation refused to go into the judicial convention. Brodrick will now run as an independent candidate.

Trains In Collision.

Akron, O., March 21.—In a head-on collision between C. A. & C. passenger train No. 307 and a B. & O. train, on the piece of track operated jointly by the two roads near Akron, two Columbus men, Engineer Martin A. Winters and Fireman J. E. Mosker, both of the C. A. & C. passenger train, were injured.

Head Crushed.

Stenboville, O., March 21.—Eldredge Re, 21 and single, was instantly killed while sinking an air shaft for the Wolfe Run Coal company near East Springfield. A piece of soapstone fell from the side, crushing his head to a pulp.

Nominated Judge Smith.

Xenia, O., March 21.—The Sixth district Republican congressional convention, called in opposition to that which nominated C. Q. Hildebrandt last week, nominated Judge Horace L. Smith by acclamation.

Nearby Towns

Purgals broke into the hardware store of Koshiser & Garber a Bellville, Saturday night or Sunday morning, and secured several revolvers and ammunition and a number of razors and knives.

Judge and Mrs. J. B. Wright of Mt. Vernon were thrown from a sleigh at the Craft & Taucher corner Tuesday afternoon. One of the runners caught in the sleigh track and the sleigh was upset. Fortunately neither of the occupants was hurt.

Mrs. James McGilvery of Mt. Vernon went to Columbus Monday to report to the police and incidentally look for her husband, James McGilvery, who left his home, 202 South Main street at midnight, Sunday.

## A TRAINED NURSE

After Years of Experience, Advises Women in Regard to Their Health.

Mrs. Martha Pohlman of 55 Chester Avenue, Newark, N. J., who is a graduate nurse from the Blockley Training School, at Philadelphia, and for six years Chief Clinician Nurse at the Philadelphia Hospital, writes the letter printed below. She has the advantage of personal experience, besides her professional education, and what she has to say may be absolutely relied upon.

Many other women are afflicted as she was. They can regain health in the same way. It is prudent to heed such advice from such a source.

Mrs. Pohlman writes: "I am truly surprised, after eight years of experience with Lydia E. Pinkham's Vegetable Compound, that it is the safest and best medicine for any suffering woman to use."

"Immediately after my marriage I found that my health began to fail me. I became weak and pale, with severe bearing-down pains, fearful backaches and frequent diarrheas. The doctors prescribed for me, yet I did not improve. I would blot after eating, and frequently become nauseated. I had great difficulty in walking, so I could hardly walk. It was as bad as a case of female trouble as I have ever known. Lydia E. Pinkham's Vegetable Compound, however, cured me within four months. Since that time I have had occasion to recommend it to a number of patients suffering from all forms of female difficulties, and I find that it is a most successful remedy for all female diseases known to medicine."

"When women are troubled with irregular, suppressed or painful periods, weakness, displacement or ulceration of the female organs, that bearing-down feeling, inflammation, backache, bloating (or flatulence), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitement, irritability, nervousness, sleeplessness, melancholy, 'all-ones' and 'want-to-be-left-alone' feelings, blues and hopelessness, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound, at once removes such troubles."

No other female medicine in the world has received such widespread and unqualified endorsement. The needless suffering of women from diseases peculiar to their sex is terrible to see. The money which they pay to doctors who do not help them is an enormous waste. The pain is cured and the money is saved by Lydia E. Pinkham's Vegetable Compound."

It is well for women who are ill to write Mrs. Pinkham at Lynn, Mass. The present Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, her assistant for many years before her death, and for twenty-five years since her advice has been freely given to sick women. In her great experience, which covers many years, she has probably had to deal with dozens of cases just like yours. Her advice is strictly confidential.

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

and has not come back. He is 67 years of age.

Miss Phoebe Donnelly died at the home of Mrs. Merrin in West Burgess street, Mt. Vernon, Monday night about 11:30 o'clock. Her death was due to a stroke of paralysis she sustained last Thursday night.

Master Walter Price, son of Mr. and Mrs. Cary Price of Mt. Vernon, accidentally shot himself Monday afternoon with a toy pistol, the wadding being driven into the palm of his hand. Dr. Humbert cauterized the wound.

PERRYTON.

The upper room in the public school is vacant on account of the serious illness of Prof. J. N. Scholter. He was taken seriously sick on Saturday with heart trouble and his physician says he can not teach any more this year.

Mr. Amos Baker who has been confined to his room so long with sickness took a turn for the worse on Saturday and is seriously ill.

Mr. J. W. Miner of Pleasant Grove was stricken suddenly Friday and remained unconscious for twelve hours, but the physician pronounces his recovery assured.

Rev. S. D. Kilpatrick will preach at the M. E. church here Wednesday night, March 28, if it does not storm.

Miss Gertrude Simpson after an extended visit with her grandparents Mr. and Mrs. George Anderson, has returned to her home in Columbus.

Mr. Nora Baughman of Stone Quarry, and Mrs. Chas. Baughman and children of High street, Black Run, and Mr. George Simpson of Mt. Gilboa, were the guests of Mr. and Mrs. A. K. Baker Sunday.

Mr. and Mrs. William Baughman were guests of his sister, Mrs. John Rice, of Walnut Ridge, last Saturday.

Mrs. Schober and daughter, Miss Fern, of West Carlisle, mother and sister of Prof. Scholter, are at his bedside.

Rev. Mr. Tedrick, preached at Perryton Sunday forenoon, at Perryton afternoon, and Smith's at night.

Miss Gladys Anderson, recovered from her recent illness sufficiently to resume her teaching Monday morning.

Dr. C. J. Lovelass moved into the Harry Pyles property Saturday.

John Pyles of Perryton moved to the Dr. Lovelass property Saturday.

Mrs. Mae Mosholder of Bladensburg, and Mrs. J. W. Primm of Perryton were guests of their parents Mr. and Mrs. F. K. Primm on Sunday.

Rev. Mr. Tedrick, preached at Perryton Sunday forenoon, at Perryton afternoon, and Smith's at night.

Mrs. John Smith, of Perryton, is recovering from her recent illness sufficiently to resume her teaching Monday morning.

You can bank in Meridith's every time.

New Spring Overcoats \$10 to \$30

## MERIDITH BROS.

DOTY HOUSE BLOCK, Newark.

## SPRING FESTIVAL BEGINS APRIL 9

ORGANIZATION OF THE ASSOCIATION COMPLETED LAST SATURDAY NIGHT.

The Cincinnati Symphony Orchestra will appear under leadership of Herr Van der Stucken.

Among the musical attractions which are to appear in Newark and Greenville during the coming winter, under the auspices of the Spring Festival Association, is the famous Cincinnati Symphony Orchestra, under the direction of the skilled conductor

FRANK VAN DER STUCKEN.

Conductor of the Cincinnati Symphony Orchestra at Auditorium April 11.

and composer, Mr. Frank Van der Stucken. This skilled body of fifty musicians will appear in the Auditorium in this city on the evening of Wednesday, April 11.

The Festival movement, which is attracting a great amount of attention this year, even more than was given the effort of last season, promises to be a grand success.

Last Saturday evening the final organization of the board of trustees was completed. The board, as now constituted, consist of the following officers and members: Arthur L. Judson, president; Dr. J. A. Mitchell, treasurer; Fred Kirkpatrick, secretary; J. H. Newton, Rollin Smith, John E. Dean, Miss Katherine Messenger, A. L. Rawlings and Ernest T. Johnson.

The treasurer was required to give bond in the sum of \$1,000, the amount to be increased as the fund for endowment becomes larger. At this meeting the plans for this season's festival were fully discussed and approved.

Among the attractions for this season's festival, are: the lecture of Dr. A. J. Gantvoort of the Cincinnati College of Music, to be given in Taylor Hall on the evening of Monday, April 9; Haydn's Creation, with a chorus of 200 voices and a 30 piece orchestra, and William Harper, basso, and Jeanette Fernandez, soprano, both of New York, as soloists, to be given in the Auditorium on the evening of Tuesday, April 10. Last, and probably the most generally pleasing to local music lovers, the Cincinnati Symphony Orchestra, which will appear in the Auditorium on Wednesday evening, April 11.

This organization enjoys the distinction of being one of the four great, permanent symphony orchestras in the United States, and having been banded together for so many years, under Mr. Van der Stucken's baton, enables these musicians to perform with a degree of unanimity and precision which would otherwise be impossible. The orchestra will appear in this city with its full touring force of fifty musicians, thus insuring the rendition of a program which will be a real musical treat. During the years of careful building at the hands of Mr. Van der Stucken the personnel of this organization has been augmented from time to time by musicians of exceptional ability from France and Germany, and it would be no exaggeration to say, with the press agent, that "every man's an artist."

The Cincinnati Symphony Orchestra traces its origin from the old Cincinnati Orchestra, organized in 1870, and

it is a matter of pride to those who are most interested in the orchestra, that some of the musicians who were in the old orchestra of the seventies are still at their posts.

Certainly no orchestra has had the benefit of a more brilliant list of conductors, for in these years the orchestra has responded to the baton of such men as Michael Brand, Henry Schradieck, Anton Seidel, Theodore Thomas, and the present conductor, Mr. Frank Van der Stucken. The organization, as it is today, therefore, may be said to have resulted from the efforts of many years of careful and conscious work. It is to Mr. Van der Stucken, however, that the thanks of the public are due for having by his untiring energy and devotion brought the orchestra to its present excellence. In the ten years that he has conducted the orchestra it has won a position among the greatest orchestras of the

## SEVEN HUNDRED ENJOY BANQUET

GIVEN BY LICKING AERIE OF EAGLES TO THE VISITING DELEGATIONS.

The Feature was the Roast Ox which Had Been Cooked in True Barbecue Style.

The delightful affair, the ox roast, given by the Licking Aerie of Eagles at the lodge rooms in West Main street, last evening, was one of the largest attended affairs of the kind given in this city in recent years, it being attended by nearly 1000 guests and members.

The four long tables, arranged to seat 700 persons, were occupied busily during the greater part of the evening. The bands which accompanied the visiting lodges, and many musicians from this place, were engaged in enlivening the occasion with splendid music. Marsh's orchestra occupied the balcony at one end of the immense hall, and furnished a delightful program, throughout the evening.

The motto, "Quality, not quantity" was well observed as far as the first word goes, but greatly overran the limit on quantity, for the guests were certainly well supplied with the good things which the enterprising "food committee" furnished.

Mr. George Hamilton acted as toast master, and a number of toasts were heartily responded to. After a photograph of the guests filling the table, was taken a general social evening was enjoyed and the many guests lost no time in becoming thoroughly acquainted with each other.

The generous hospitality of the Licking Aerie was most thoroughly enjoyed, as was testified to by the many visitors from other cities, including Chicago, Wheeling, Delaware, Marietta, Zanesville, and Columbus, whose high compliments to the "taste" of the local order's officers, and the style shown by Mr. Peter Ritzer, the chief chef, and Joseph Kuster, caterer in chief, where flattering in the extreme.

The affair will long be remembered as one of the most enjoyable possible, and as one the credit of which falls greatly to Worthy President Harry Rossel, and the accomplished "ox roaster," John Kiefer.

Drop by drop the offensive discharge caused by Nasal Catarrh falls from the back of the nose into the throat, setting up an inflammation that is likely to mean Chronic Bronchitis. The certain, rational cure for Catarrh is Ely's Cream Balm and the relief that follows even the first application cannot be told in words. Don't suffer a day longer from the discomfort of Nasal Catarrh. Cream Balm is sold by all druggists for 50 cents, or mailed by Ely Bros., 56 Warren street, New York. mwf-17

## EXPECT SENSATION AT MT. VERNON

In Connection With the Atrocious Murder of Mrs. Miranda Bricker Last April.

Mt. Vernon, O., March 21—Prosecuting Attorney Stillwell stated Tuesday morning that within a short time some sensational developments will be made public in the Miranda Bricker murder case.

It has been almost one year since this murder occurred, the most atrocious perhaps in the history of Mt. Vernon. Readers of the Advocate will remember this terrible deed which was committed on the night of April 23, 1895, in the large grounds surrounding the residence of Mr. F. L. Fairchild.

While one arrest was made in connection with the case, yet the guilty party has never been brought to justice and while perhaps many persons have forgotten the crime, yet the officials of the city and county have been secretly at work on the case and the prediction made by Prosecuting Attorney Stillwell Tuesday morning seems about to be realized.

"We have certain evidence against a young man never suspected of having anything to do with the case," said Prosecuting Attorney Stillwell, "and we hope to be able to make an arrest within a very short time."

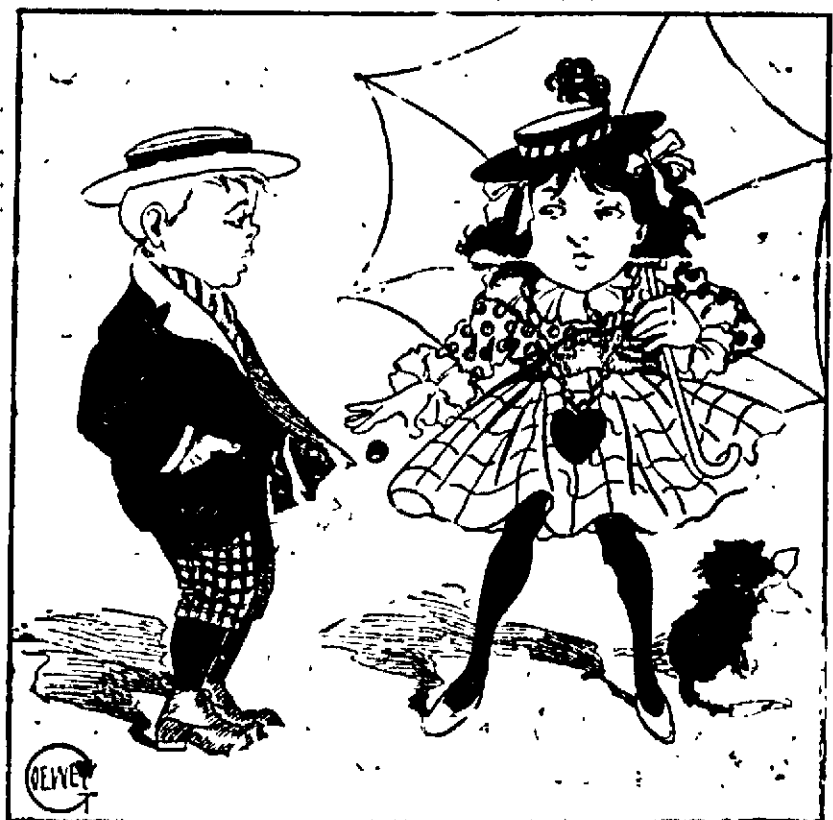

It is understood that a private detective has been working on this case and that recently there has been brought to light certain suspicious circumstances in connection with the actions of a certain young man that would indicate he is implicated in the crime. While every possible effort has been made to keep the matter a profound secret, yet the fact gained publicity Tuesday and was verified by Prosecuting Attorney Stillwell in the above interview.

## Mother Gray's Appeal to Women

If you will send us your name and address we will mail you FREE a package of Mother Gray's Australian-Leaf, a certain, pleasant herb for Women's ailments. It is a safe monthly regulator and never fails. If you have pains in the back, urinary, bladder or kidney troubles, use this pleasant union of Australian herbs, roots and leaves. All druggists sell it, 50 cents, or address, The Mother Gray Co., Le Roy, N. Y.

## Pale, Thin, Nervous?

Then your blood must be in a very bad condition. You certainly know what to take, then why not take it?—Ayer's Sarsaparilla. If you doubt, then consult your doctor. We know what he will say about this grand old family medicine. We have no secrets. We publish the formulas of all our medicines. J. C. Ayer & Co., Lowell, Mass.

EVEN THE CHILDREN KNEW IT.

"We have got a new baby at our house," said the little girl, on Hudson avenue. "A brand new baby that cries."

"Huh, that's nothing," said the boy. "I can cry an' I'm not a baby. Besides, we had sausage for breakfast, and my paw has promised to buy me a goat."

"Our baby has pink toes an' a lot of hair. An' we are goin' to name it some day. And when it gets bigger I can take it out ridin' in a carriage."

"Where did you get it? Bet it ain't paid for," said the boy, a little jealously showing in his tone.

"We didn't have to pay for it," declared the girl. "The doctor brought it and give it to us. An' it hasn't any teeth an' it can't talk."

"Bet it keeps you awake nights."

"It will not. It sleeps at night. An' most of the day time. Come over some day an' maybe I can let you see it. It's awful cute."

"I don't want to see your old baby. I am goin' to get paw to advertise in The Advocate for a baby an' I'll bet he gets a better one than you have. He got a horse an' buggy by advertisin' the other day. Got 'em cheap, too, for I heard him say so. He says you can get anything if you will advertise in The Advocate want columns. Three lines for 3 days cost only 25 cents."

## The Modern Bank Check

The safest way is the best. The modern bank check has superseded cash in the settlement of accounts. It eliminates all chances of errors and disputes—also all danger of loss.

Export your income from all sources with The Newark Trust Company, where your funds will be Absolutely Safe and you can draw on the balance when funds are required.

Four per cent paid on certificates and savings accounts.

## The Newark Trust Co.

## "Solid as a Rock"

IF YOU HAVE "IDLE MONEY"  
AND WANT TO GET IT BUSY  
TAKE IT TO THE LICKING  
COUNTY BANK AND TRUST CO.  
WHERE YOU CAN GET 4%.

## Dentistry Robbed of Its Sting

Some people dread the dentist's chair. To hear them talk it possesses horrors unheard of. We learned this from persons who had been elsewhere. From others who had talked to persons whose teeth had been treated elsewhere.

Those who come to us frequently express the greatest surprise at the ease with which we perform our work and the degree to which we have succeeded—reducing the pain and inconvenience to those whose teeth we are treating.

No need for the most nervous person to dread coming here, either for extracting or filling. All our work is guaranteed.

Crown and Bridge Work a Specialty.
